

REMARKS

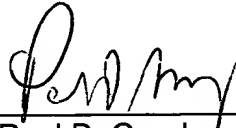

The Notice of Drawing Inconsistency with Specification indicated that although Figure 2 is contained in the Drawings, as filed, it was not listed in the Brief Description of the Drawings in the Specification. This 312 Amendment amends the Specification such that Figure 2 is now listed in the Brief Description of the Drawings section of the Specification, hence this objection is now moot and should be withdrawn. No new matter has been introduced by this amendment to the Specification.

For the reason set forth above, it is respectfully requested that this Amendment be entered.

Respectfully Submitted,
